

FLOOR MACHINES & BURNISHERS

BB2000 BATTERY BURNISHER

The IPC Eagle BB2000 utilizes an automatic pad pressure adjustment system. This unique system allows the machine to maintain a constant pad pressure as the pad wears. This results in consistent and optimal burnishing results throughout the life of the pad. This feature, along with ease of access for changing the pad, separates the IPC Eagle BB2000 from the competition.

AVAILABLE ACCESSORIES

12V 210 AH BATTERY
12V210

12V 230 AGM BATTERY
12V230-AGM

Other Features

- Available in traction or pad assist
- Up to three hours of run time
- On-board battery charger
- Enclosed dust control system (with optional cloth bag)
- Heavy duty rotomolded body with easy battery access
- Deck tilts up for easy pad change and compact storage
- Ergonomic handle and controls
- Quiet 2.5 HP motor (67 dBA)
